There is a passage way on the right to small storage area with a sink. There is a shower room comprising a wash hand basin set on brick built vanity unit with storage under and a large mirror above, WC, ladder towel radiator and a large walk in tiled shower cubicle.

A door at end of the hallway with steps down lead into good sized double room with space/wardrobe area.

Back from the hallway there are steps up to front door and stairs on left to the first floor landing, a door opens into the master suite where there is a very large bedroom with a lounge area, a woodburner, exposed ceiling beams and air conditioning.

There is a door providing access into the large bathroom comprising a wash hand basin set on a large double tiled vanity unit, towel radiator, WC, a large bath inset into a tiled surround with shower over. Moving on is a doorway leading into the dressing room with wardrobes and shelving.

There is a door at end to a large room currently used as a gym and has double doors out to the roof terrace giving spectacular uninterrupted views and the night sky is awesome with amazing clear unpolluted by light. Next is a smaller room which currently has an occasional bed which is a great room for extra visitors.

The property has main water and electricity connected.

This is a great property which also offers further potential. It is full of character and original features and the views are just amazing. A real must see property.
